Hi Jerry,

I was checking for mail during the period of time while I was out of the office last year. I could only find this attachment. I believe that the indication based upon the timing and other relevant facts is that this is the grant application which should have been for the FY 15 and FY16 grant periods. The previous 2-year grant for FY13 and FY14 has concluded, necessitating a new application for another 2-year grant.

Please examine the attachment and submit a corrected application and the Ca DOGGR grant representative contact information so that we can begin the process and dialogue.

Additionally, we need to schedule a time for an End Of Year Evaluation, which is necessary within the grant process.

Let me know as soon as possible if you have any questions or need to discuss this further.

George

Hello George and Maria,

Please find attached our grant application for the next 2-year funding cycle. We just maintained in this application our last funding cycle request of \$607,000 for each fiscal year.

Kindly call or email if you have any questions.

Regards,

Jerry Salera
